Congratulations to the new road captains-James Griffin, Kyle Pregler and Rick Klok!!

Message from our President:

Where does the time go? It seems like the year just began and it's already half gone. They say time flies when you're having fun and I've been having a lot of fun on our rides.

We've had some great rides during the second quarter and we've also had an abundance of rain. Several rides had to be rescheduled and one ride got canceled altogether. All things considered,

though, it's been a good quarter for our rides and for the club in general. In our June meeting we held club officer elections and I'm pleased to say that all incumbent officers were re-elected. Also in our June meeting, we established a new Road Captain role which is an appointed role in the club. We're starting with three Road Captains who will rotate responsibilities for planning and leading our rides, and I'll also be included in the rotation. Our first ride planned and lead by a Road Captain was the overnight ride to Fontana Village on June 22 & 23. James was the Road Captain and he did a superb job.

Maybe things will slow down a bit during the second half of the year, and maybe that's just wishful thinking. Either way, I'm looking forward to more great rides and good times.

**Ride Safe,
Gary
GGMC President**

RIDE SAFE!!!
